

E-Invoicing Solution

Seamless and comprehensive e-invoicing solution by BDO – proven worldwide and used by more than 500 companies.

Our e-invoicing solution integrates seamlessly into leading ERP systems. It connects ERP systems, business partners, as well as archiving and reporting systems.

Why our solution?

► One partner from strategy to implementation:

We go beyond mere system implementation by combining consultancy expertise, technological support, and continuous service to ensure your e-invoicing solution runs smoothly from day one.

► Based on tax and technology expertise:

Our solution combines in-depth tax knowledge with purpose-built technology, ensuring accurate compliance with regulations and practical implementation.

► Added value beyond mere compliance:

We help you use e-invoicing to streamline workflows, increase data transparency, and make better financial decisions – not just to meet legal requirements.

► Flexible commercial and integration models:

Available in Premium and Lite models to fit your business needs.

How BDO supports you

GAP analysis and process assessment

System readiness assessment

Project management and implementation

Benefits of our solution

● Seamless integration:

Minimal adjustments to ERP systems and processes

● Regulatory flexibility:

Adapts to evolving standards and regulatory changes (keyword: VidA)

● Comprehensive coverage:

Provides a complete solution for all revenue and expenditure scenarios, supports all approved invoice formats in accordance with EN 16931, and offers legally compliant storage

● Scalable architecture:

Suitable for growing volumes and multi-country rollout

● Custom workflows:

Enables the implementation of specific business processes, such as issuing credit notes

● Helpdesk support:

Reliable support from a dedicated helpdesk service

● Reporting:

Dashboards with KPIs and filtering capabilities

Key features	 Premium Model	 Lite Model
Integration	Direct ERP integration via interface (API/SFTP)	Manual upload
Format	Accepts customer-specific formats	Accepts customer-specific formats
Users	Unlimited	Single user
Formats	XRechnung, ZUGFeRD, EN 16931 compliant syntaxes	Limited (XRechnung and ZUGFeRD)
Support	Dedicated	Basic
Archiving	GoBD-compliant	Standard compliance
E-invoice creation	Automated sending (email, PEPPOL)	
Dashboard	Full	Limited KPIs
Volume	High	Low
